Cell (406) 861-5664 • Res: (406) 373-6844

Dear Friends & Cattlemen,

On behalf of Linda, the kids and I, Merrill and Kathleen Ostrum and their crew, we would like to welcome you to our 5th annual Montana Angus Female Bonanza Sale.

As in years past and again this year, in our minds we have developed and bred a great set of females. We believe in putting top bulls bred alike with the different groups of cows and heifers thus insuring that their calves have uniformity and performance bred in them.

For those of you who have come to our sale before, you know we believe in cattle that have what I call "PROGRAM" behind them.

Over the years our Family has fed and helped merchandise thousands of feeder cattle. It has become quite apparent the last few years those people that get cattle that are uniform, with some "Like" genetics bred in them from reputation seedstock programs bring dollars more than the ordinary kind. These cattle, no question in my mind, have this. I call it "PROGRAM"!!

The bred heifers selling are AI bred to two of the great low birth weight bulls in the Angus breed, TC Franklin, BW +0.6 • WW +57 • YW +102 • Milk +31 • \$B 58.05, and Baldrige Nebraska BW +0.5 • WW +46 • YW +96 • Milk +14 • \$B 32.61. The balance of the heifers are pasture bred to low birth weight Danny Boy sons purchased at Vermilion Ranch. The cows are young and good with 95% being two coming three year olds. These cows are bred to Connealy Danny Boy, Baldrige Nebraska and VRD sons purchased from Vermilion Ranch.

All the females selling have been ultrasounded by Dr. Ralph Miller. He is absolutely the best in the business. You can buy with confidence. The cows will sell in short day calving groups.

At this time, I want to thank my Family, neighbors and good friends for all their help in this endeavor. Without them it would be an impossible venture.

In closing, we have put a whole lot of time, effort and expense into this offering. We are extremely proud of this set of cows and know they will do a great job.

As always, we will stand behind them 100%.

Sincerely,

Joe Goggins
